

**Message from the Youth and Community Hub Co-ordinator Sarah Mulhall**

**Thank you to everyone who arranged the Christmas meal, and volunteered on the day. It meant a lot to us to be able to provide such a great community event, and it was very successful. We also really appreciate everyone who volunteered for the Christmas bag pack, it was very hard work but we raised £415 towards activities at The Hub.**

**All our groups have been fantastic recently, Art group in particular worked very hard on the Christmas Cards for the event and have been very creative with your other activities, making posters, book marks and other cool items from scratch.**

Over the Christmas Period the Hub held its second Christmas lunch for the elderly residents of Bromsgrove. It was supported by a number of local businesses who donated a number of items of food to enable the event to occur. As with last year's event the young people also provided entertainment for the attendees.

The Bromsgrove Youth and Community hub, Bromsgrove Baptist Church, New Road, Bromsgrove, B60 2JD

The Hub wanted to offer thanks to Cllr Webb for the grant she gave the hub to support all the fun outings that the young people have been on. The young people who attend these outings often wouldn't be able to have such opportunities. We look forward to the future outings we have planned to spend the rest of the funding on.

**MORRISONS** As part of the Hub ongoing fun raising activities, they hosted a bag pack on the 22<sup>nd</sup> December. With it being a very busy time in the supermarket with all the Christmas shoppers, the bag packers were very busy helping people get through the checkouts.

The Hub was awarded by Bromsgrove District Council the New Homes bounce scheme. This funding will now allow the delivery of the work at the hub to be delivered across the weekend, by paying for additional staff. The opening on a weekend is in direct response to the feedback from young people on when they would like to see the Hub open.
